# COCO ZOMO

Zomo Charcoal is a great product to make your session last longer and without smell or taste. The hexagonal format guarantees greater safety on top of the rosh and a better use of space and heat.

We care about the planet we live that's why we use coconut shell for manufacturing and materials that are 100% natural.

Product by  
**ZOMO**

Coco wood is an ecological brand, which produces coal for hookah. It is concerned about the environment and social well-being, always in search of sustainability.

Meeting the requirements, coal has a long duration and emits twice as much heat compared to common products.
